Disclaimer:

Equiseat Aid is designed to assist riders in achieving straightness and balance in the saddle. While Equiseat Aid is intended to enhance the riding experience, individual results may vary based on use, rider anatomy, and horse behaviour.

Important Notes:

1. **Safety:** Riding horses carries inherent risks. Equiseat Aid is not a substitute for proper training, riding skill, or appropriate safety measures, including wearing an ASTM/SEI-approved helmet and other protective gear.
2. **Horse Behaviour:** Equiseat Aid does not address issues related to horse temperament, training, or health. Riders must ensure their horse is suitable for riding and respond responsibly to their horse's behaviour.
3. **Usage:** Follow the manufacturer's instructions for correct use. Incorrect application or misuse may compromise its effectiveness or rider safety.
4. **Medical Conditions:** Riders with pre-existing medical conditions, injuries, or physical limitations should consult a healthcare professional before using Equiseat Aid.
5. **Maintenance:** Regularly inspect the product for wear and tear. Do not use the product if it shows signs of damage.
6. **Warranty:** Equiseat Aid is supplied with a free of charge like for like replacement for manufacturing defects. Equiseat Aid is not liable for damage or injury resulting from misuse, improper fitting, or failure to follow guidelines.

By using the Equisat Aid, the rider acknowledges and assumes all risks associated with riding and the use of Equisat Aid. Always prioritise safety for both rider and horse.

Permission to use photos and videos in the public domain:

I agree / do not agree * for Equisat Aid to use any video/photography captured during the demonstration or trialing of Equisat Aid. This includes in the public domain, online and in Equisat Aid's company information/website (we often share video clips and photos from demos on our socials (FB, Instagram, TikTok etc).

*(circle/delete as appropriate)

I confirm I have read and understood all the above information and am happy to proceed with the Equisat Aid Demo.
